

PRESIDENT WATERS FILLED ADDRESS WITH FACTS NEW TO HIS AUDIENCE

Analysis of Soil Conditions, Trade Balances, Marketing Problems and Our World Business a Real Education—Other Institute and Teachers' News

"Things are not always as they seem" might be given as descriptive of much of the lecture of President H. J. Waters of the Kansas State Agricultural college at the Normal this morning. An auditorium almost full heard one of the really great addresses of the week.

"To explain," said President Waters, "We sell \$300,000,000 worth of stuff to Germany in normal times and buy back only \$175,000,000. That makes a balance of trade of \$125,000,000 for us and looks very fine. But when we analyze it we find that we buy finished products almost altogether from that nation and she buys only raw products from us.

"Germany is not only building up her soil at our expense by that kind of business, but she is also giving her laborers something to do. I could give you man instances of this country selling its potash and phosphate, the great soil builders, to other nations.

"The permanent capital of any country is its soil. The impression seems to be strong that it is limitless whereas we are certain to be brought to a time in this country when the soil will have to be built up. Will these countries sell these materials back to us then?"

Tells of Philippines.

Mr. Waters told of his investigations in the Philippines for the federal department of agriculture. They sell raw sugar to New York and then buy it back refined at a great loss yearly. They buy cattle from Australia when they have great ungrazed tracts of grass land. They buy 10,000,000 pounds of rice each year from China when their soil would raise it all easily.

"What would you think of a bank which made improvements and fine furnishing out of its permanent capital?" asked the speaker. "That is just what this country is doing. England had to collect all the bones from North and South America, and finally robbed the Catacombs in Rome to get bones and phosphates to replenish their soil."

Mr. Waters dwelt at considerable length upon the American habit of selling and buying in some large central market. Does a man want to sell his cattle? He ships them to St. Joseph, Kansas City or Chicago. Does he want to buy feeders? Away he goes to a central market. The average head of cattle in this country goes to market once a year.

"Of course, that's a fine education for the steer to get all that travel, but it makes him cost a lot more at the butcher shop. The producer should be trained to seek a local market and the customer should be made to see the wisdom of buying home stuff, not merely for sentimental reasons but because it is the best business."

His Best Humorous Story.

A Mississippi paper illustrated it thus: "A farmer in Mississippi was awakened by a Connecticut clock, but toned his Chicago suspenders to a Grand Rapids table and ate Indiana hominy fried in St. Joseph lard, cooked on a St. Louis stove. After breakfast he put a Missouri bridle over the head of a Missouri mule, hitched the mule to an Illinois plow and plows a Mississippi farm covered with an Ohio mortgage. At night he reads a chapter from a Bible printed in New York, says a prayer written in Jerusalem, and gets between blankets made in New Jersey. Then he is kept awake by a

Mississippi hound, the only home-raised thing on the farm."

"I was recently present at a meeting of the Kansas City Chamber of Commerce, where they were discussing the starting of a great campaign to get the southwest to use Kansas City products. When they asked me to tell them what I thought of it, I told them that it was fine but that they had better start at home if they expected any success and first make a campaign to get Kansas City people to eat agricultural products which came from the southwest.

Should Have Factories Here.

President Waters then went into considerable detail showing that this region of north Missouri and southern Iowa is the heart of the greatest agricultural region, and that the industries ought to come here. He said that 81 per cent of raw materials in manufacturing come from the soil, and that fuel was close enough to make that no hindrance. Cotton is the greatest raw material in manufacturing and cattle second. This is the great cattle country.

The great opportunity to capture the trade of the world while Europe is at war was discussed. But we must cease to discuss it academically and do something. The American business man's refusal to adapt himself to customs and conditions in other lands and the absence of a merchant marine were given as reasons for our failure to get foreign trade. Another great need is the making of the dollar the basis of exchange in all the world. Europe bought three-fourths of our goods before the war, but it will not be able to do so financially after the war, and we must seek a new market for that trade.

Waters' Afternoon Address.

How one bunch of pigs at the Kansas State Agricultural college gained but twenty pounds on corn alone while their litter mates were gaining 225 pounds in the same six months on a balanced ration, was told by President Waters in his afternoon address on "Making the Most of Corn."

He said that experiments of more than six years with corn and young animals had shown that corn was lacking in protein the substance which makes the muscle in an animal. It was known before that this material is scarce in corn but recent experiments have shown that only half of this is available; that is, can be assimilated into the blood and bone of the animal without the aid of some animal protein mixed with the corn.

This is the reason for using tankage, skim milk, meat meal and all kinds of legumes such as alfalfa, soy beans, clover and cow peas. The pigs under observation at Manhattan thrived under the mixture much more than those on corn alone, 20 pounds to 225 in fact.

Lantern slides were used by Mr. Waters in the afternoon to show how the farmer might utilize the protein in corn and solve the problem of the right sort of feed for fattening at the least expense. President Waters spoke last night to a meeting of cattle (Continued on page 2.)

Tomorrow Is Secretary F. D. Coburn Day

TONIGHT'S SESSION:—Auditorium
7:30 o'clock. "Missouri"

EVENING SESSION:—Normal School Auditorium
7:30 o'clock. Declamatory and Oratorical Contests.

SENIORS WIN 26-12

FIRST TEAM LINE-UP TOO MUCH FOR JUNIORS.

SHOW BIG CLASS SPIRIT

Normal Gymnasium, Crowded Full, Scene of Great Fight for Basket Ball Honors Last Night.

A stranger in the Normal gymnasium last night would have thought that a conference game for the championship was being played, as the juniors and seniors met in their annual basket ball game.

The senior team with the first team line-up of last year, with the exception of Powell at guard, was too much in experience and skill for the juniors, but some fight was put up. The score was 26-12. At the end of the first half it was 9-3.

The two classes were there with all the spirit and enthusiasm of the middle of the basket ball season, and the seating capacity of the house was taxed to the limit. One side of the house was decorated in green and white, the senior colors, and that class were lined up on that side. Across from them fluttered the junior banners in yellow and white. And some "classy" yelling was staged by the rival classes.

Vandersloot stood out as the individual star, getting eight field goals. Leach got two goals as the senior mate of Vandersloot at forward. He also threw four fouls. Scarlett at center threw one field goal.

For the juniors, Lollis got one field goal and threw three fouls; Hefner threw two field goals, and Wells one. Scoot tossed in a foul throw. The work of the two teams from which the first team this year will probably come was great encouragement to Director Hanson and Coach Palfreyman.

Returns from Kansas City.
Mrs. R. M. Black returned Tuesday night from a visit in Kansas City with her son, S. E. Black, and family.

To Spend Winter.
Miss Edith Staton of Darlington arrived in Quitman yesterday to spend the winter with Dr. and Mrs. W. H. Hindman.

Returns to Arkansas.
Ralph Hindman of Gravit, Ark., who has been visiting his brother, Dr. W. H. Hindman of Quitman, left for his home yesterday morning.

A marriage license was issued late yesterday afternoon by Recorder Baker to Ernest Willhoyte and Sarah Taylor of Maryville.

BOMB LEADER CONFESSES

Statement of Robert Fay Concerning German Plots to Destroy Plans May Involve Diplomats.

Special to The Democrat-Forum.
New York, Oct. 28.—A new confession has been made by Robert Fay, the ring leader in the German bomb plot, which involves the German secret service department so seriously that it may result in diplomatic controversy. Fay charges conspiracy to cripple American munitions plants and to blow up ships hatched by heads of secret service. The full information has been turned over to the department of justice of the United States.

PARIS CABINET OUT

PREMIER VIVIANI QUILTS, CAUSING FRENCH COLLAPSE.

SOCIALIST TO SUCCEED

Aristide Briand Will Build New Ministry With General Gallien as War Secretary.

Special to The Democrat-Forum.
Paris, Oct. 28.—Premier Viviani has resigned, causing a collapse of the entire cabinet. Aristide Briand, socialist, was offered the premiership by President Poincaré and accepted. He began formation of a new cabinet at once. General Gallien, military governor of Paris, was offered the place of minister of war.

Viviani's resignation is attributed to the Balkan crisis. Foreign Minister Delcasse resigned on account of the same cause two weeks ago.

BAND GIVES CONCERT.

Elmo Musicians Present Musical Program—Supper Follows.
The Elmo band gave a concert and box supper last night in the Elmo opera house, which cleared about \$25, which will be used for the benefit of the band.

The concert program included full band numbers, a cornet duet by Prof. T. B. Maulding and Ray Barker and a clarinet solo by Harold Maulding. The band has fourteen pieces and is directed by Prof. Maulding. The supper followed the concert.

MAIN STREET

HAMLIN SECRETARY

PEOPLE'S TELEPHONE COMPANY ELECTS EX-ASSESSOR.

INCORPORATION LIKELY

Delegates All Favor Reorganization of Company, But No Action Taken—Moore Quits as Lineman.

Ed F. Hamlin was elected secretary of the People's Telephone company yesterday to succeed W. O. Garrett, who resigned because of the pressure of business. He will take charge of the office as soon as he qualifies by the filing of a bond. The salary is \$200 yearly.

Fourteen delegates of the more than seventy lines composing the company attended the meeting in the circuit court room yesterday afternoon. Mr. Hamlin was elected without opposition. He was chosen a director at the same time. Mr. Hamlin is clerk of the Woodmen lodge and a former assessor.

The delegates who were here and the line they represented were A. H. Hughes, 11; A. S. Watson, 5; Joseph Crawford, 12; M. D. Kemp, 43; H. W. Hull, 3; Fred Armstrong, 50; John Lynch, 51; Noah Duncan, 29; John Doss, 18; P. Ashford, 26; E. P. Bainum, 37; C. E. Shell, 31; William Mozingo, 13; L. E. Gault, 6.

A. H. Hughes is president of the company and A. S. Watson is treasurer. Incorporation was the chief topic of conversation yesterday, and although no action was taken, the feeling was strong that such action will be taken in the near future. A complete reorganization of the company would accede the incorporation.

Ed Moore, who has been lineman for the company in Maryville for almost ten years, handed in notice that he would quit Nov. 1. No suggestion was made as to a man to succeed him.

HUGE CUCUMBER 16 INCHES LONG.

Large Vegetable Raised by Mrs. Platt of Guilford Weighs 6½ Pounds.

J. W. Harmon, who is now farming near Guilford, but who can still turn out fine bits of penmanship as a reminder of the days when he taught that branch of learning, is in Maryville this week for the Teachers' association and Institute.

With him he brought a huge ear of corn and a cucumber, for which the sweepstakes of the United States is claimed. It is sixteen inches long and weighs 6½ pounds. It was raised by Mrs. W. A. Platt of near Guilford.

Up in Police Court.
Robert Simmons was fined \$5 and costs by Mayor Wright in police court this morning when he pleaded guilty to a charge of drunkenness.

TEUTONS ARE WINNING

SUCCESS OF AUSTRO-GERMAN-BULGARIANS EVERYWHERE.

Only Victory Claimed by Allies in Serbia Is Recapturing of Uskub, Important Railway Center.

Special to The Democrat-Forum.
London, Oct. 28.—The Teutons and Bulgarians won a new victory in northern Serbia yesterday, but in the south conditions are more hopeful for the allies. It is reported that the Serbians recaptured Uskub, the important railroad town, from Bulgarians.

The British troops are participating in fighting along Saloniki railway. The Teutons have circular battle line three hundred miles long from Drina river to Strumnitza. The Bulgarians are storming Peorito, and captured Kulajevatz and Drenovaglav.

Zurich dispatch says seventy thousand Turkish re-inforcements have arrived at Dedagatch.

Saloniki, Oct. 28.—The French are occupying Radovitz and Brivolaz, Serbia, and Strumnitza, Bulgaria, and are advancing toward Istib. The Bulgarians are retreating.

More Teutonic Gains.

London, Oct. 28.—Saloniki dispatch says Pierot, Serbia, was captured by Bulgarians.

Berlin, Oct. 28.—It is announced that the invasion of northern Serbia continues and that Zechar was captured. Two thousand prisoners have been taken since Monday.

Greece Demands Withdrawal.

Dudapest, Oct. 28.—Newspapers here say today that Greece has demanded that the Anglo-French troops from Greek soil. Internment is threatened if the demand is not heeded. It is reported that France has just landed 150,000 more soldiers at Saloniki.

HOSPITAL NO. 2 LETTER

Governor Major Says Management Was Sore Spot and Board Quotes State Charity Board.

Governor Major, in his letter to Smith A. Penny and E. M. Lindsay of St. Joseph, members of the board of managers of state hospital No. 2, demanding their resignations, says their administration of the institution has been a failure, "not only from a business standpoint, but from a standpoint of efficiency and services to the inmates."

The governor says the state hospital at St. Joseph has been the one sore spot among the charitable institutions of the state, and he speaks of dissension in the hospital and the board. Penney's and Lindsay's answers to Major are in a sarcastic vein, and they accuse him of playing politics, and direct attention to indorsement of the hospital's management by the state board of charities and corrections after a thorough investigation.

HOLDS INTERESTING SERVICE.

Presbyterians Display Some Old-Time and Curious Bibles.

The second "Get Acquainted With the Bible Service," which the First Presbyterian church congregation has held, was at the regular mid-week service last night. Some especially interesting old Bibles of different versions were exhibited last week.

Several old German Bibles, a Japanese Bible, several children's Bibles of peculiar style, and a Swedish Bible were shown last night. The accompanying history study was of particular interest. The meeting was led by the pastor, the Rev. William Moll Case, and was a very attractive service.

Took Cattle to St. Joseph.

The Quitman Live Stock company, Isaac Tyson, C. J. White, Peter Bros., P. R. Growney, C. E. Lindley and Earl Hefflin were patrons of the St. Joseph market from Nodaway county yesterday.

Married by Judge Conn.
Albert Wallace and Miss Ada Huls of Clearmont were married yesterday afternoon by Probate Judge W. H. Conn.

BAD SCHOOL FIRE

SCORES OF CHILDREN BURNED TO DEATH AT PEABODY, MASS.

Over 600 in Parochial School and Hundreds Are Burned Severely or Injured by Leaping.

NO ESCAPES ON BUILDING

Special to The Democrat-Forum.
Peabody, Mass., Oct. 28.—St. John's parochial school here was destroyed by fire at 9 o'clock this morning, with the loss of scores of lives of children. The fire started in the basement of the school building and spread so rapidly because of a boiler explosion that many of the six hundred and seventy children were trapped in the upper floors. Within ten minutes the entire lower floor was ablaze, trapping those remaining.

Twenty-one bodies were rescued, but at 10:30 o'clock this morning the roof fell, carrying men down. The building was a total loss.

There were no outside fire escapes. When hallways cut off the escape of the children, they appeared at all the windows, only to disappear a moment later. Rescuers outside caught many who jumped. There were many pathetic scenes. Scores were burned and many were injured in jumping.

The cause of the fire is unknown. It was found later that the boiler had not exploded. Many are dead and so badly burned and crushed that it is impossible to identify. Money loss is estimated at \$150,000.

"CIGARETTE BOOTLEGGERS?"
Columbia, Mo., Oct. 28.—The sale of cigarettes and cigarette papers was given a crushing blow in this university town when the city council, after a heated denunciation of the habit of cigarette smoking, placed a tax of \$250 a year upon all dealers in either ready-made cigarettes or the "makin's." The measure was upheld by the councilmen as a measure of protection for the students and the other young men of Columbia.

Most of the merchants who sell cigarettes think the tax passed by the council last night is prohibitive and that it will force them to discontinue the cigarette end of their business. Some believe it might be profitable for one or two stores to handle cigarettes. Several regard the ordinance as a boon to mail order houses.

PLEADED GUILTY TO CHARGE.
Wm. Rose, Representing Liquor House, Fined This Morning on Charge of Selling Intoxicating Liquor.

William Rose, a salesman for a liquor house, was arrested this morning on a charge of selling intoxicating liquor without a license. He pleaded guilty before Justice of the Peace W. L. Johnson and was fined \$40 and costs, amounting in all to \$51.70, which he paid.

Rose was taking orders and giving away samples of liquor in the Burlington Junction community yesterday. Prosecuting Attorney W. G. Sawyers issued the information against him.

To Grain Men Convention.
H. F. Leet went to St. Joseph this morning to attend the annual joint meeting of the Missouri and Kansas Grain Dealers association.

Obtains Marriage License.
A marriage license was issued yesterday by Recorder Dan R. Baker to J. D. Crawford and Gladys Danford, both of Ravenwood.

Cleans Up \$4,000 on Land Deal.

The Hopkins Journal says that J. P. Parks last week sold his 110 acre farm between Hopkins and Sheridan to Bert Dows at an even one hundred dollars an acre. Mr. Parks bought the farm three years ago and the advance in price made him just four thousand dollars.

Hopkins to Have Rest Room.

Hopkins is to have a ladies rest room and it will occupy the entire basement floor of the Bank of Hopkins building, so says this week's Hopkins Journal. Besides the toilet and lava-

tory, the room will be equipped with suitable furniture, making a room that has long been needed and one that will certainly be appreciated by the ladies. It will be convenient to both business streets and in giving the room to the town, the Bank of Hopkins has done a gracious act as well as solving a knotty problem.

Big Corn Field.

Last week Oliver Hooks, the young east side farmer, husked 72 bushels of Boone county white corn from 144 square rods of ground. The corn is of a mighty fine quality, too. Who can beat this yield?

SOCIETY and CLUBLAND

By KATE SCHENCK
PHONES—OFFICE 42 HOME 683

Dinner Guests.

Mr. and Mrs. William Anderson and son, Wesley, were guests at a 6 o'clock dinner given Tuesday night by Mr. and Mrs. J. F. Kidd and family of Bedison.

To Give Minstrel.

The Philathea and Willing Workers classes in the Methodist Sunday school of Ravenwood will give a Halloween minstrel on Friday night in the opera house at Ravenwood.

Miss Raines to Visit Here.

Miss Theodosia Raines will arrive in the city tomorrow night to visit her brother, H. L. Raines, and family. Miss Raines returned from Denver, Col., which has been her home for several years, last week and has been visiting relatives at St. Joseph, Rock Port and Tarkio. She expects to remain in Missouri during the winter.

Celebrates Birthday.

Mrs. Sarah J. Willis of 622 North Mulberry street celebrated her seventy-seventh birthday anniversary yesterday by entertaining a few friends at her home. Among the visitors were her daughter and granddaughter, Mrs. M. Carter and Miss Audrey Louise Carter of Burlington Junction.

K. of C. Dance.

The Knights of Columbus gave a dance last night in their club rooms, entertaining about a hundred people. The arrangement committee was composed of J. Edward Costello, Edward Linneman, Paul Thompson and William Linneman. Among the out-of-town knights present were Fred and Leo Riley of Quitman.

Music Department to Meet.

The November meeting of the Music department of the Twentieth Century club will be held Monday afternoon, November 1, at the home of Mrs. T. L. Wilderman. The study will be devoted to the German dramatic school of music, and the numbers will be given by Mrs. R. L. Finch, Mrs. Charles Moore, Mrs. Wilderman, Mrs. A. P. Harvey, Miss Bessie Todd and Miss Ruth Reuillard.

Miss Koch Hostess.

Miss Martha Koch entertained a number of guests at six-hand euchre last night in honor of Miss Mildred Robinson and Mr. Edward Wright Gray, whose marriage takes place Saturday. Yellow chrysanthemums were used in the room and table decorations and a color plan of yellow and white was observed in detail. The ices were in the form of yellow wedding bells and the cakes and mints were of similar color and form. The bride-to-be was given a courtesy favor, and the game prizes were won by Miss Ora Barmann and Hosick Holmes. The guests were Miss Robinson, Miss Ruth Reuillard, Miss Eleanor Smith, Miss Vera Tilson, Miss Nellie Campbell, Miss Ora Barmann, Miss Blanche Shipp, the Misses Marjorie and Geneva Wilfley, Mr. Gray, Hosick Holmes, Frank Cummins, Lewis De Hart, Harold Wagner of Maitland, Theodore Robinson, Fred Bellows, Gene Cummins, Fred Lewis and Harvey McClary.

Surprise Party.

A crowd of the neighbors and friends of Mr. and Mrs. Richard Snyder gathered at the Snyder home 1008 East Third street, last night for a farewell visit with the Snyders before their departure to Leavenworth, where they expect to spend several weeks. Ice cream and cake were served and the evening spent socially. The gathering was a surprise to Mr. and Mrs. Snyder, and the honors of the evening were shared by their nephew and his wife, Mr. and Mrs. W. W. Bunton of New Lebanon, Ind., who leave for their home tonight after a few weeks' visit at the Snyder home. Those in the party were Mr. and Mrs. Snyder, Mr. and Mrs. Bunton, Mr. and Mrs. John Wallace, Mr. and Mrs. W. J. Wilson and daughters, Lucy and Mildred, Mr. and Mrs. Harry Harrison, Mr. and Mrs. Fred Smith, Mr. and Mrs. Sam Moon.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a tendency to close, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

PAPE'S DIAPEPSIN FOR INDIGESTION OR SOUR, ACID STOMACH

In Five Minutes! No Dyspepsia, Heartburn or Any Stomach Misery.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

Mrs. D. Callahan, Mrs. Joe Reece, Mrs. James Stewart, Mrs. C. A. Culverson and daughters, Thelma and Gladys, Mr. and Mrs. Joseph Armstrong and Mrs. Joe Bluel and children.

Reception at Brewer Home.

Mrs. Arthur Allen Brewer, Mrs. Warren Roscoe Jackson and Mrs. George Robert Eaton received one hundred and fifty friends yesterday afternoon at the Brewer home, on North Mulberry street, from 4 to 6 o'clock. The reception room and parlors were decorated with vases and baskets holding immense clusters of red chrysanthemums and with palms and potted ferns. The stair and doorways were twined with southern smilax. The punch table was placed in a corner of the hall, which had been banked with palms and ferns. Mrs. C. C. Hellmers serving, assisted by Miss Ruth Matter and Miss Ruth Reuillard. The tea table was centered with a basket of red rosebuds, around which were placed tall crystal candlesticks with rose colored tapers and shades. Here pink and red cosmos were used for the room decorations. Mrs. Ralph Eversole and Mrs. Ike Thomas Pryor served, assisted by Mrs. Roy W. Pettit, Mrs. Oliver Kirby Bovard, Misses Jeanette and Julia Tate and Miss Ora Barmann. The other assisting friends were Mrs. J. C. Denham, Mrs. S. L. Beech, Mrs. Fred Harvey, Mrs. Guy Mutt, Miss Marjorie Wilfley and Little Miss Elizabeth Beech.

At D. A. R. Convention.

Miss Beulah Brunner, regent of the Maryville chapter of the Daughters of the American Revolution, is in St. Louis attending the annual convention of the state chapter, which opened Tuesday morning. The feature of the opening day was a reception for Mrs. William Cummings Story, president general of the order; Mrs. Mark S. Salisbury, state regent and the other state officers, which was held at the Jefferson Memorial building. In the afternoon a reception was given at the Buckingham hotel to Mrs. Sarah McKnight Green, the vice president general. Wednesday afternoon the Wednesday club, the largest social organization in the city, gave a reception in their club rooms. In the evening the Art League gave a similar reception for all visitors. Prizes will be given at this convention to the chapter making the best scrap book of D. A. R. materials, to the chapter with the best and most complete set of tombstone inscriptions in their county, to the one gaining the most members during the year, and to the one with the best collection of historical data gleaned from its own territory. The annual election of state officers takes place today. One of the interesting side trips will be a visit to Marthasville, a small town in Warren county, where the chapter will dedicate a monument to the memory of Daniel Boone and his wife, Rebecca Bryan Boone.

Robert Lyle Finch, pastor of the First Christian church, in the presence of a large company of relatives and friends.

DEFENSE DAY DECEMBER 6

Opening Session of Congress to Be Signaled by Expression of Sentiment of "Preparedness."

Monday, December 6th, the opening day of Congress, has been named by the American Defense Society as Defense Day throughout the United States

—the most timely occasion for holding mass meeting and addressing letters and telegrams to Congress on behalf of better national defense. In case there is an earlier meeting of congress, the opening date will then be chosen for American Defense Day.

In order to make the occasion an impressive one, the American Defense Society has requested the co-operation of all the other defense leagues, national and local, the Governors of the various states, the mayors of the leading cities, and all other civic, military and patriotic societies and organizations, as well as Chambers of Com-

merce and Boards of Trade. The Society has furthermore requested that individual voters write letters and send telegrams on Defense day.

STILL TALK OF A NEW TRAIN.

On Wabash and Great Western Between Kansas City and Omaha—Maryville Is In Favor of It.

There is still talk of a Wabash-Great Western train between Kansas City and Omaha. Maryville sure would like to see it. Here is what this week's Shenandoah World says about it:

There is a good prospect of improved passenger service on the Wabash. This great system is just emerging from a receivership and seems to be in the hands of a progressive administration. The system will be improved in many ways. Officers are due here this week to talk over the practicability of putting on a new train to operate from Kansas City to Omaha over the Great Western and Wabash line. This would probably mean a train leaving Kansas City about breakfast time and arriving here at about noon and into Omaha one hour and a half later. It is likely to leave Omaha at about 11 o'clock at night, arriving at Kansas City for breakfast. This would give Shenandoah people an opportunity of attending

theaters and other evening entertainments in Omaha and arriving home the same evening and also in making connection in Omaha along in the evening from all directions; also giving Shenandoah people an excellent opportunity of going to St. Joseph and Kansas City in the evening without the change of cars and with Pullman facilities. The great institutions of Shenandoah that employ salesmen will be the greatest benefited, as it would mean the gaining of a day in many instances. For instance, it would save nearly three hours in going to Denver alone.

New Officers Elected.

The Afro-American club, which was organized a few months ago, has taken a lease on the second story of the Stillwell building, on East Second street, for a club room and has perfected an organization. The officers selected are Aaron Williams, president; Everett Page, vice president; Earl Martin, secretary; C. C. Baker, assistant secretary; Charles Martin, treasurer. The club will hold debates and give literary programs.

GRIGSBY'S 52,000 BUSHEL

110-Acre Orchard Near Skidmore Breaks Record by 10,000—Good Results From Spraying.

All the apples of the Grigsby orchard, three miles southwest of Skidmore have been harvested and the total number of bushels was 52,000. All of the No. 1 fruit went to Kansas City for cold storage. The others were sold everywhere but all were disposed of.

The orchard is 110 acres, but a few trees have died making the real orchard about 100 acres. The crop this year is 10,000 bushels better than their other big year two years ago. All of the apples were in fine condition and topped the market in most instances.

The Grigsby orchard has been sprayed five times this season, and cultivated twice with an orchard disc. The principal varieties in this orchard are Winesaps and Jennets. Some of the others are Jonathan, Ben Davis, Gano, York Imperial, Iowa Blush, Missouri Pippin, Arkansas Black and Mammoth Black Twig.

LETTER LIST.

Following is a list of the letters remaining unclaimed in the Maryville Mo., postoffice for the week ending Wednesday, October 27, 1915:

Centenary News

Howard Barker, who has been picking apples at Nebraska City, returned home Saturday night.

Mrs. Oliver Howard and children of Maryville spent Saturday with her mother, Mrs. John Thompson.

Mr. and Mrs. C. W. Nichols and family visited Mr. and Mrs. Chester Cooper Sunday evening.

Miss Esther Reed was taken to St. Joseph hospital Monday, where she underwent an operation for appendicitis.

Sunday guests of Lewis Hammond and family were Mr. and Mrs. J. J. Thompson, Mrs. Oliver Howard and children and Mrs. Etta Hammond and children.

The Ladies' Missionary society of Centenary church served dinner at the Rev. DeWitt sale Monday, clearing about \$16.30.

W. D. McDonald shipped a car of cattle Monday.

Mr. and Mrs. W. M. Bush spent the evening Friday with Mr. and Mrs. Thomas Walton.

Mrs. Sam McGinnis of near Skidmore, but formerly of this vicinity, was taken to St. Joseph Sunday for an operation for appendicitis.

Mr. and Mrs. Oliver King and Mr. and Mrs. Charles Broyles and daughter, Katherine, were Sunday dinner guests of Mr. and Mrs. Asa Broyles.

Mr. and Mrs. N. B. Shrewsbury and son, Ralph, visited John McDonald and daughters Sunday.

Mr. and Mrs. Charles Gibson of Rosendale spent Saturday and Sunday with Mr. and Mrs. John Hays.

Mr. and Mrs. Joe Davis and family spent Sunday at the home of Mr. and Mrs. W. Booth.

Mr. and Mrs. John Hays are visiting at the home of his father, Chas. Hays of Barnard.

Mrs. Alice Carden and daughter, Neva, took dinner with Mr. and Mrs. I. D. Tarpley Sunday.

A number of young folks from this vicinity have been attending the revival meetings at the Christian church at Wilcox.

There Is No Question

COLLEGE INCREASE 50 PER CENT.

Number of Students One Half Larger in Ten Years.

Kansas City, Oct. 27.—There has been an increase of more than 50 per cent in the number of persons attending colleges in the last ten years, according to Dr. Franklin Holgate, dean of the College of Liberal Arts of the Northwestern University, who is visiting here today. However, a large per cent of persons who enter college are not graduated.

"Men and women who go to college and drop out before being graduated have not wasted their time," said Dr. Holgate. "It gives them the incentive. It prepares them better to battle the problems of life. A large per cent drop out after they have attended college two years. The last two years of college finishes off the student."

Do not forget the Fete of the Months, Thursday, Oct. 28, at Baptist church.

Card of Thanks.

We desire to thank our friends, neighbors and the fraternal orders that so kindly assisted us during the sickness and death of our beloved husband and father, also for the beautiful floral offerings. May God bless you all.—Mrs. W. B. Blachley, Mr. and Mrs. Arthur Warner.

AID THE KIDNEYS.

Do Not Endanger Life When a Maryville Citizen Shows You the Way to Avoid It.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Maryville testimony.

Mrs. L. Cain, 709 E. Second street, Maryville, says: "My kidneys bothered me for quite awhile, and I had backaches and headaches. Doan's Kidney Pills soon brought me relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cain had. Foster-Milburn Co., Props., Buffalo, N. Y.

Returns from the West.

Mrs. Elias Orear, who has been spending the past two months in California, arrived home last night, accompanied by her sister, Mrs. Retta Stokes of Arcata, Cal., who will visit in Maryville. Mrs. Orear spent most of the time during her stay in the west with her daughter, Miss Beulah Orear of San Francisco. Miss May Orear met the returning folks in Kansas City Tuesday.

Do not forget the Fete of the Months, Thursday, Oct. 28, at Baptist church.

PRESIDENT WATERS FILLED ADDRESS WITH FACTS NEW TO HIS AUDIENCE

Analysis of Soil Conditions, Trade Balances, Marketing Problems and Our World Business a Real Education—Other Institute and Teachers' News

"Things are not always as they seem" might be given as descriptive of much of the lecture of President H. J. Waters of the Kansas State Agricultural college at the Normal this morning. An auditorium almost full heard one of the really great addresses of the week.

"To explain," said President Waters, "We sell \$300,000,000 worth of stuff to Germany in normal times and buy back only \$175,000,000. That makes a balance of trade of \$125,000,000 for us and looks very fine. But when we analyze it we find that we buy finished products almost altogether from that nation and she buys only raw products from us.

"Germany is not only building up her soil at our expense by that kind of business, but she is also giving her laborers something to do. I could give you man instances of this country selling its potash and phosphate, the great soil builders, to other nations.

"The permanent capital of any country is its soil. The impression seems to be strong that it is limitless where we are certain to be brought to a time in this country when the soil will have to be built up. Will those countries sell those materials back to us then?"

Tells of Philippines.
Mr. Waters told of his investigations in the Philippines for the federal department of agriculture. They sell raw sugar to New York and then buy it back refined at a great loss yearly. They buy cattle from Australia when they have great ungrazed tracts of grass land. They buy 10,000,000 pounds of rice each year from China when their soil would raise it all easily.

"What would you think of a bank which made improvements and fine furnishing out of its permanent capital?" asked the speaker. "That is just what this country is doing. England had to collect all the bones from North and South America, and finally robbed the Catacombs in Rome to get bones and phosphates to replenish their soil."

Mr. Waters dwelt at considerable length upon the American habit of selling and buying in some large central market. Does a man want to sell his cattle? He ships them to St. Joseph, Kansas City or Chicago. Does he want to buy feeders? Away he goes to a central market. The average head of cattle in this country goes to market once a year.

"Of course, that's a fine education for the steer to get all that travel, but it makes him cost a lot more at the butcher shop. The producer should be trained to seek a local market and the customer should be made to see the wisdom of buying home stuff, not merely for sentimental reasons but because it is the best business."

His Best Humorous Story.
A Mississippi paper illustrated it thus: "A farmer in Mississippi was awakened by a Connecticut clock, but it makes him cost a lot more at the butcher shop. The producer should be trained to seek a local market and the customer should be made to see the wisdom of buying home stuff, not merely for sentimental reasons but because it is the best business."

Mississippi hound, the only home-raised thing on the farm."
"I was recently present at a meeting of the Kansas City Chamber of Commerce, where they were discussing the starting of a great campaign to get the southwest to use Kansas City products. When they asked me to tell them what I thought of it, I told them that it was fine but that they had better start at home if they expected any success and first make a campaign to get Kansas City people to eat agricultural products which came from the southwest.

"Nodaway county is one of the very greatest agricultural counties in the world, and yet the big profit goes to persons outside the state, and even not in this country. The reason is that we have no finishing factories. We sell only raw products and let the other fellow do the finishing in which profit is made."

Should Have Factories Here.
President Waters then went into considerable detail showing that this region of north Missouri and southern Iowa is the heart of the greatest agricultural region, and that the industries ought to come here. He said that 81 per cent of raw materials in manufacturing come from the soil, and that that fuel was close enough to make that no hindrance. Cotton is the greatest raw material in manufacturing and cattle second. This is the great cattle country.

The great opportunity to capture the trade of the world while Europe is at war was discussed. But we must cease to discuss it academically and do something. The American business man's refusal to adapt himself to customs and conditions in other lands and the absence of a merchant marine were given as reasons for our failure to get foreign trade. Another great need is the making of the dollar the basis of exchange in all the world. Europe bought three-fourths of our goods before the war, but it will not be able to do so financially after the war, and we must seek a new market for that trade.

Waters' Afternoon Address.
How one bunch of pigs at the Kansas State Agricultural college gained but twenty pounds on corn alone while their litter mates were gaining 225 pounds in the same six months on a balanced ration, was told by President Waters in his afternoon address on "Making the Most of Corn."

He said that experiments of more than six years with corn and young animals had shown that corn was lacking in protein the substance which makes the muscle in an animal. It was known before that this material is scarce in corn but recent experiments have shown that only half of this is available; that is, can be assimilated into the blood and bone of the animal without the aid of some animal protein mixed with the corn.

This is the reason for using tankage, skim milk, meat meal and all kinds of legumes such as alfalfa, soy beans, clover and cow peas. The pigs under observation at Manhattan thrived under the mixture much more than those on corn alone, 20 pounds to 225 in fact.

Lantern slides were used by Mr. Waters in the afternoon to show how the farmer might utilize the protein in corn and solve the problem of the right sort of feed for fattening at the least expense. President Waters spoke last night to a meeting of cattle (Continued on page 2.)

Tomorrow Is Secretary F. D. Coburn Day

TONIGHT'S SESSION:—

7:30 o'clock—Auditorium

EVENING SESSION:—

7:30 o'clock—Normal School Auditorium

Declaratory and Oratorical Contests.

SENIORS WIN 26-12

FIRST TEAM LINE-UP TOO MUCH FOR JUNIORS.

SHOW BIG CLASS SPIRIT

Normal Gymnasium, Crowded Full, Scene of Great Fight for Basket Ball Honors Last Night.

A stranger in the Normal gymnasium last night would have thought that a conference game for the championship was being played, as the juniors and seniors met in their annual basket ball game.

The senior team with the first team line-up of last year, with the exception of Powell at guard, was too much in experience and skill for the juniors, but some fight was put up. The score was 26-12. At the end of the first half it was 9-9.

The two classes were there with all the spirit and enthusiasm of the middle of the basket ball season, and the seating capacity of the house was taxed to the limit. One side of the house was decorated in green and white, the senior colors, and that class were lined up on that side. Across from them fluttered the junior banners in yellow and white. And some "classy" yelling was staged by the rival classes.

Vandersloot stood out as the individual star, getting eight field goals. Leach got two goals as the senior mate of Vandersloot at forward. He also threw four fouls. Scarlett at center threw one field goal.

For the juniors, Lollis got one field goal and threw three fouls; Hefner threw two field goals, and Wells one. Scoot tossed in a foul throw. The work of the two teams from which the first team this year will probably come was great encouragement to Director Hanson and Coach Palfreyman.

Returns from Kansas City.
Mrs. R. M. Black returned Tuesday night from a visit in Kansas City with her son, S. E. Black, and family.

To Spend Winter.
Miss Edith Staton of Darlington arrived in Quitman yesterday to spend the winter with Dr. and Mrs. W. H. Hindman.

Returns to Arkansas.
Ralph Hindman of Gravit, Ark., who has been visiting his brother, Dr. W. H. Hindman of Quitman, left for his home yesterday morning.

A marriage license was issued late yesterday afternoon by Recorder Baker to Ernest Willhoyte and Sarah Taylor of Maryville.

BOMB LEADER CONFESSES

Statement of Robert Fay Concerning German Plots to Destroy Plans May Involve Diplomats.

Special to The Democrat-Forum.
New York, Oct. 28.—A new confession has been made by Robert Fay, the ring leader in the German bomb plot, which involves the German secret service department so seriously that it may result in diplomatic controversy. Fay charges conspiracy to cripple American munitions plants and to blow up ships hatched by heads of secret service. The full information has been turned over to the department of justice of the United States.

PARIS CABINET OUT

PREMIER VIVIANI QUILTS, CAUSING FRENCH COLLAPSE.

SOCIALIST TO SUCCEED

Aristide Briand Will Build New Ministry With General Gallien as War Secretary.

Special to The Democrat-Forum.

Paris, Oct. 28.—Premier Viviani has resigned, causing a collapse of the entire cabinet. Aristide Briand, socialist, was offered the premiership by President Poincaré and accepted. He began formation of a new cabinet at once. General Gallien, military governor of Paris, was offered the place of minister of war.

Viviani's resignation is attributed to the Balkan crisis. Foreign Minister Delcasse resigned on account of the same cause two weeks ago.

BAND GIVES CONCERT.

Elmo Musicians Present Musical Program—Supper Follows.

The Elmo band gave a concert and box supper last night in the Elmo opera house, which cleared about \$25, which will be used for the benefit of the band.

The concert program included full band numbers, a cornet duet by Prof. T. B. Maulding and Ray Barker and a clarinet solo by Harold Maulding. The band has fourteen pieces and is directed by Prof. Maulding. The supper followed the concert.

HAMLIN SECRETARY

PEOPLE'S TELEPHONE COMPANY ELECTS EX-ASSESSOR.

INCORPORATION LIKELY

Delegates All Favor Reorganization of Company, But No Action Taken—Moore Quits as Lineman.

Ed F. Hamlin was elected secretary of the People's Telephone company yesterday to succeed W. O. Garrett, who resigned because of the pressure of business. He will take charge of the office as soon as he qualifies by the filing of a bond. The salary is \$200 yearly.

Fourteen delegates of the more than seventy lines composing the company attended the meeting in the circuit court room yesterday afternoon. Mr. Hamlin was elected without opposition. He was chosen a director at the same time. Mr. Hamlin is clerk of the Woodmen lodge and a former assessor.

The delegates who were here and the line they represented were A. H. Hughes, 11; A. S. Watson, 5; Joseph Crawford, 12; M. D. Kemp, 43; H. W. Hull, 3; Fred Armstrong, 50; John Lynch, 51; Noah Duncan, 29; John Doss, 18; P. Ashford, 26; E. P. Bainum, 37; C. E. Shell, 31; William Mozingo, 13; L. E. Gault, 6.

A. H. Hughes is president of the company and A. S. Watson is treasurer. Incorporation was the chief topic of conversation yesterday, and although no action was taken, the feeling was strong that such action will be taken in the near future. A complete reorganization of the company would accompany the incorporation.

Ed Moore, who has been lineman for the company in Maryville for almost ten years, handed in notice that he would quit Nov. 1. No suggestion was made as to a man to succeed him.

HUGE CUCUMBER 16 INCHES LONG.

Large Vegetable Raised by Mrs. Platt of Guilford Weighs 6½ Pounds.

J. W. Harmon, who is now farming near Guilford, but who can still turn out fine bits of penmanship as a reminder of the days when he taught that branch of learning, is in Maryville this week for the Teachers' association and Institute.

With him he brought a huge ear of corn and a cucumber, for which the sweepstakes of the United States is claimed. It is sixteen inches long and weighs 6½ pounds. It was raised by Mrs. W. A. Platt of near Guilford.

Up in Police Court.
Robert Simmons was fined \$5 and costs by Mayor Wright in police court this morning when he pleaded guilty to a charge of drunkenness.

TEUTONS ARE WINNING BAD SCHOOL FIRE

SUCCESS OF AUSTRO-GERMAN-BULGARIANS EVERYWHERE.

Only Victory Claimed by Allies in Serbia Is Recapturing of Uskub, Important Railway Center.

Special to The Democrat-Forum.

London, Oct. 28.—The Teutons and Bulgarians won a new victory in northern Serbia yesterday, but in the south conditions are more hopeful for the allies. It is reported that the Serbians recaptured Uskub, the important railroad town, from Bulgarians.

The British troops are participating in fighting along Saloniki railway.

The Teutons have circular battle line three hundred miles long from Drina river to Strumnitza. The Bulgarians are storming Peorito, and captured Kulajevatz and Drenovaglav.

Zurich dispatch says seventy thousand Turkish re-inforcements have arrived at Dedagatch.

Saloniki, Oct. 28.—The French are occupying Radovitz and Brivolas, Serbia, and Strumnitza, Bulgaria, and are advancing toward Istib. The Bulgarians are retreating.

More Teutonic Gains.

London, Oct. 28.—Saloniki dispatch says Piorot, Serbia, was captured by Bulgarians.

Berlin, Oct. 28.—It is announced that the invasion of northern Serbia continues and that Zechar was captured. Two thousand prisoners have been taken since Monday.

Greece Demands Withdrawal.

Dudapest, Oct. 28.—Newspapers here say today that Greece has demanded that the Anglo-French troops from Greek soil. Internment is threatened if the demand is not heeded. It is reported that France has just landed 150,000 more soldiers at Saloniki.

HOSPITAL NO. 2 LETTER

Governor Major Says Management Was Sore Spot and Board Quotes State Charity Board.

Governor Major, in his letter to Smith A. Penny and E. M. Lindsay of St. Joseph, members of the board of managers of state hospital No. 2, demanding their resignations, says their administration of the institution has been a failure, "not only from a business standpoint, but from a standpoint of efficiency and services to the inmates."

The governor says the state hospital at St. Joseph has been the one sore spot among the charitable institutions of the state, and he speaks of discussion in the hospital and the board. Penney's and Lindsay's answers to Major are in a sarcastic vein, and they accuse him of playing politics, and direct attention to indorsement of the hospital's management by the state board of charities and corrections after a thorough investigation.

HOLDS INTERESTING SERVICE.

Presbyterians Display Some Old-Time and Curious Bibles.

The second "Get Acquainted With the Bible Service," which the First Presbyterian church congregation has held, was at the regular mid-week service last night. Some especially interesting old Bibles of different versions were exhibited last week.

Several old German Bibles, a Japanese Bible, several children's Bibles of peculiar style, and a Swedish Bible were shown last night. The accompanying history study was of particular interest. The meeting was led by the pastor, the Rev. William Moll Case, and was a very attractive service.

Took Cattle to St. Joseph.

The Quitman Live Stock company, Isaac Tyson, C. J. White, Peter Bros., P. R. Growney, C. E. Lindley and Earl Heflin were patrons of the St. Joseph market from Nodaway county yesterday.

Married by Judge Conn.

Albert Wallace and Miss Ada Huls of Clearmont were married yesterday afternoon by Probate Judge W. H. Conn.

BAD SCHOOL FIRE

SCORES OF CHILDREN BURNED TO DEATH AT PEABODY, MASS.

NO ESCAPES ON BUILDING

Over 600 Inn Parochial School and Hundreds Are Burned Severely or Injured by Leaping.

Special to The Democrat-Forum.

Peabody, Mass., Oct. 28.—St. John's parochial school here was destroyed by fire at 9 o'clock this morning, with the loss of scores of lives of children. The fire started in the basement of the school building and spread so rapidly because of a boiler explosion that many of the six hundred and seventy children were trapped in the upper floors. Within ten minutes the entire lower floor was ablaze, trapping those remaining.

Twenty-one bodies were rescued, but at 10:30 o'clock this morning the roof fell, carrying men down. The building was a total loss.

There were no outside fire escapes. When hallways cut off the escape of the children, they appeared at all the windows, only to disappear a moment later. Rescuers outside caught many who jumped. There were many pathetic scenes. Scores were burned and many were injured in jumping.

The cause of the fire is unknown.

It was found later that the boiler had not exploded. Many are dead and so badly burned and crushed that it is impossible to identify. Money loss is estimated at \$150,000.

"CIGARETTE BOOTLEGGERS?"

Columbia, Mo., Puts Heavy Tax On Student's Bad Habit—To Have "White PH" Saloons.

Columbia, Mo., Oct. 28.—The sale of cigarettes and cigarette papers was given a crushing blow in this university town when the city council, after a heated denunciation of the habit of cigarette smoking, placed a tax of \$250 a year upon all dealers in either ready-made cigarettes or the "makins." The measure was upheld by the councilmen as a measure of protection for the students and the other young men of Columbia.

Most of the merchants who sell cigarettes think the tax passed by the council last night is prohibitive and that it will force them to discontinue the cigarette end of their business. Some believe it might be profitable for one or two stores to handle cigarettes. Several regard the ordinance as a boon to mail order houses.

PLEADED GUILTY TO CHARGE.

Wm. Rose, Representing Liquor House, Fined This Morning on Charge of Selling Intoxicating Liquor.

William Rose, a salesman for a liquor house, was arrested this morning on a charge of selling intoxicating liquor without a license. He pleaded guilty before Justice of the Peace W. L. Johnson and was fined \$40 and costs, amounting in all to \$51.70, which he paid.

Rose was taking orders and giving away samples of liquor in the Burlington Junction community yesterday. Prosecuting Attorney W. G. Sawyers issued the information against him.

To Grain Men Convention.

H. F. Leet went to St. Joseph this morning to attend the annual joint meeting of the Missouri and Kansas Grain Dealers association.

Obtains Marriage License.

A marriage license was issued yesterday by Recorder Dan R. Baker to J. D. Crawford and Gladys Danford, both of Ravenwood.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

A MOST EXCELLENT RECORD.

From the St. Joseph Observer.

The members of the legislative investigating committee appointed to examine various departments of state were unanimous in their findings on the office of Secretary of State Cornelius Roach. Mr. Roach may well be proud of every comment made on his conduct of the office.

This committee was appointed to criticize. No one who knows either Hon. Almon Ing of Butler county or Hon. Frank Harr of Clark county will doubt the Republicanism of those gentlemen. Both are typical stand-patters plus ambition to win a place on the next Republican state ticket, the former being credited with aspirations to be attorney general and the latter state auditor.

These partisan rivals subscribed their names officially to the following statement of fact:

"Your committee finds that the clerical force employed in the office of the secretary of state was authorized by law and by specific appropriation to cover the same, and that no new positions have been created in that office, or salaries raised except as authorized by law and by appropriations made to cover the same."

These Republican investigators and critics further find and officially report:

"The total expenses of the secretary of state's department during the last full term, 1909 to 1912 inclusive, were \$77,000.00 less than they were the years 1905 to 1908 inclusive and the receipts during the years 1909 to 1912, inclusive were, in round numbers \$220,000.00 greater than the term preceding."

These Republican committeemen also join their Democratic colleagues in appending their signatures to the following finding:

"The earnings of the office of the secretary of state for the two years 1913 and 1914 were practically the same (\$830,000.00) as the total earnings of the office during the four years 1905 to 1908 inclusive; and these practically equal receipts (in half the time) were obtained (by Roach) at a diminished expense of \$61,000.00."

"Your committee finds and reports that the office of the secretary of state is being efficiently, economically and carefully managed and conducted, and that it has no suggestions to make which it believes would make the service better to the public and for the state and at less expense than now conducted."

When these eminent Republican partisans put their signatures to the statement that it is impossible for them to make a suggestion that would add to

Berney Harris
"Strictly One Price Did It"

the efficiency, the economy, or the character of the public service rendered in this office, all fair minded people must be forced to conclude that as a public official Mr. Roach has attained as near perfection as any moral can hope to achieve.

To Spend iWater.

Mr. and Mrs. Roy W. Pettit expect to start tomorrow morning for San Diego, Cal., where they will spend the winter visiting Mr. Pettit's parents, Mr. and Mrs. J. W. Pettit.

ACTION OF SINGLE SPOONFUL SURPRISES MANY.

Maryville people who bought the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, are surprised at the instant effect of a single spoonful. This remedy is so complete a bowel cleanser that it is used successfully in appendicitis. Adler-I-ka acts on both upper and lower bowel and one spoonful relieves almost any case of constipation, sour or gassy stomach. One minute after you take it the gasses rumble and pass out. The Koch Pharmacy.

Visiting in St. Joseph.

Mrs. Warren Jones and daughter, Elizabeth, went to St. Joseph yesterday to spend a few days visiting friends. Mr. Jones went down this afternoon to join them for a short stay.

Iowa Visitors Here.

Mr. and Mrs. J. B. Souls of Mount Airy, Ia., are visiting in Maryville at the home of Mrs. Souls' sister, Mrs. C. E. Gregory, and family, of East Fourth street.

PRESIDENT WATERS FILLED ADDRESS

(Continued from page 1.)

men at Leavenworth. He will return to Manhattan tonight.

Is Keen Football Rooter.

He is keenly interested in football, and discussed for some time at noon today why his men ought to beat Missouri Saturday, or at least why the fight ought to be well worth seeing. He said that he never lost the feeling of being a Missourian, however, because he was dean of the Missouri college of agriculture when, as President Richardson said in his introduction, "The Jayhawkers took him away from us."

Wright on "Missouri" Tonight.

The illustrated lecture "Missouri," by J. Kelly Wright, lecturer for the Missouri state board of agriculture, which will be given in the Normal auditorium at 7:30 tonight, is probably the event of most general interest on the whole program of the week. Slides showing all the material resources of the state will be given.

Tomorrow will be F. D. Coburn day. The former secretary of the Kansas state board of agriculture, who held that position for more than a quarter of a century, is one of the greatest authorities on alfalfa. He will speak tomorrow afternoon at 2:30 on "Alfalfa, the Enchanted Herb." His morning subject will be "Some Considerations of the Hog."

Another recreational feature will be furnished tomorrow afternoon at 4:30 in the Normal gymnasium, when Barnard and Pickering high schools will meet in a basket ball game. Pickering has played two and lost one of their games. Barnard is still undefeated, having played four games with neighboring towns.

The line-ups will be:

Barnard—Paul Spaulding, c; Eugene Gardner and Virgil Robinson, f; Elwin Thompson and Albert Patten, g.
Pickering—Charles Byerrum, c; Alva Lett, Clifford Moon, f; Allen Burk and Loren Hackett, g.

Normal Glee Club Sings.

The Normal School Glee club opened the sessions this morning with two numbers. The singers were followed by L. F. Childers, who spoke on "Tillage and Cultural Methods." He said that tillage was simply the means of liberating plant food so that the plant could get it, conserving soil, moisture, and influencing soil temperature. He told of the best methods for seed bed preparation, then after cultivation of crops with its effect upon nitrate formations and humus depletions.

Miss Hildegard Kneeland of the home economics department of the University of Missouri spoke just before President Waters on "Why Should We Give Home Economics Training?" Her chief point was that just as we were training the farmer to earn more money and raise more crops, we should train the one who spends most of the money in how it should be spent and how proper economy can be used about the home.

Health and the mental condition of the children were discussed by Miss Kneeland in relation to the proper preparation of food. Authoritative figures show that the degenerative diseases are increasing. Most of the cases of backwardness in school children can be traced to mal-nutrition, she said.

Women's Conferences Tomorrow.

Miss Kneeland will take a leading part in the women's conferences tomorrow and Saturday afternoons. She is strong in her presentation of the personal advantages to the woman as well as to her families of knowing how. She believes that moral and spiritual considerations favor good home economics as well as physical reasons.

Children Once on Normal Faculty.
Mr. Childers followed President Waters' afternoon address with a talk on "Legumes and Their Uses." He told of the legumes which are best suited to this locality and explained the best way to handle them. Sweet clover, soy beans and cowpeas were discussed with reference to both their feed and their fertilizer values.

L. F. Childers, who is giving the lectures on soils at the institute, was a member of the Normal school faculty several years ago when H. M. Cook was president. He was head of the department of agriculture, so that his visit is a return to an old home and an opportunity to renew his old friendships.

"Farm Practice in Relation to Insect Control" was the opening subject of the Farm Institute this afternoon. Mr. Talbert told how clean culture, fall plowing, soil fertility, good seed, early and late planting, well made seed beds and other cultural methods helped in the extermination of injurious insects. The teachers of the association met this morning with the Farm Institute. Their first sessions were opened this afternoon at 1:30 by two solos, a violin selection by Miss Katherine Carpenter, and a vocal solo by the Rev. G. S. Cox, pastor of the First Methodist church. An exhibition of a rural field and

track meet by the children of the Normal training school is drawing a large crowd to Normal field late this afternoon. The work is under Walter Hanson, director of athletics of the Normal. A 50-yard dash, Bert Cooper vs. Prof. W. A. Power is said to be drawing a crowd.

More than 300 farmers and some of their wives were on Prather field to watch the tractor demonstrations yesterday afternoon. The interest was so great that another public demonstration will be given Saturday afternoon from 1:30 to 2:30 o'clock. Representatives of the companies will be on the field every afternoon at 4 o'clock for private demonstrations to individuals who desire them.

Banquet at \$1 a Plate.

Tickets are selling well for the banquet Saturday night. This paper was misinformed yesterday as to the price of the banquet. It is \$1 a plate. Most of the talent of the Farm Institute will answer briefly to toasts.

To Visit at Leavenworth.

Mr. and Mrs. Richard Snyder will leave tomorrow morning for Leavenworth, Kan., where they will spend about a month visiting.

THE NOVELTY MAN

Is Your Old Range Burned Out

Let us show you the Monarch Malleable. This is the range that is built for durability. Malleable and wrought iron when riveted together make a joint that stays air tight. Let us show you the Monarch's points of merit.

Monarch
MALEABLE
The Best Satisfactory Range

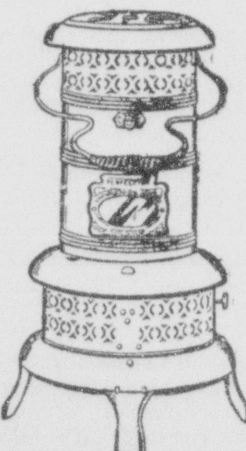

Make Your Cooking a Daily Pleasure

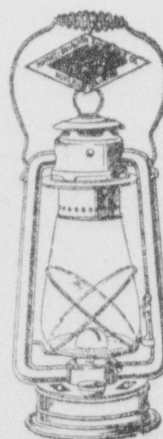

The Round Oak has almost half a century of unequalled service as a heater. And is the best constructed, most economical in fuel consumed for the amount of space that it will heat and will out last any heater on the market. Let us show you the Round Oak Line.

The Perfection Oil Heater has proven by years of service entirely satisfactory as a heater. It does not smoke or throw off gas and is just the thing for fall use.

We have line of Lamps that we guarantee not to blow out in the winds.

Duck shooting season is now at its best here. Let us fit you out with a shot gun, hunting coat or loaded shells. We have a full line.

SOCIETY and CLUBLAND

By KATE SCHENCK
PHONES—OFFICE 42. HOME 683

Dinner Guests.

Mr. and Mrs. William Anderson and son, Wesley, were guests at a 6 o'clock dinner given Tuesday night by Mr. and Mrs. J. F. Kidd and family of Bedison.

To Give Minstrel.

The Philathea and Willing Workers classes in the Methodist Sunday school of Ravenwood will give a Halloween minstrel on Friday night in the opera house at Ravenwood.

Miss Raines to Visit Here.

Miss Theodosia Raines will arrive in the city tomorrow night to visit her brother, H. L. Raines, and family. Miss Raines returned from Denver, Colo., which has been her home for several years, last week and has been visiting relatives at St. Joseph, Rock Port and Tarkio. She expects to remain in Missouri during the winter.

Celebrates Birthday.

Mrs. Sarah J. Wills of 622 North Mulberry street celebrated her seventy-seventh birthday anniversary yesterday by entertaining a few friends at her home. Among the visitors were her daughter and granddaughter, Mrs. M. Carter and Miss Audrey Louise Carter of Burlington Junction.

K. of C. Dance.

The Knights of Columbus gave a dance last night in their club rooms, entertaining about a hundred people. The arrangement committee was composed of J. Edward Costello, Edward Linneman, Paul Thompson and William Linneman. Among the out-of-town knights present were Fred and Leo Riley of Quitman.

Music Department to Meet.

The November meeting of the Music department of the Twentieth Century club will be held Monday afternoon, November 1, at the home of Mrs. T. L. Wilderman. The study will be devoted to the German dramatic school of music, and the numbers will be given by Mrs. R. L. Finch, Mrs. Charles Moore, Mrs. Wilderman, Mrs. A. F. Harvey, Miss Bessie Todd and Miss Ruth Reuillard.

Miss Koch Hostess.

Miss Martha Koch entertained a number of guests at six-hand euchre last night in honor of Miss Mildred Robinson and Mr. Edward Wright Gray, whose marriage takes place Saturday. Yellow chrysanthemums were used in the room and table decorations and a color plan of yellow and white was observed in detail. The ices were in the form of yellow wedding bells and the cakes and mints were of similar color and form. The bride-to-be was given a courtesy favor, and the game prizes were won by Miss Ora Barmann and Hosick Holmes. The guests were Miss Robinson, Miss Ruth Reuillard, Miss Eleanor Smith, Miss Vera Tilson, Miss Nelle Campbell, Miss Ora Barmann, Miss Blanche Shipp, the Misses Marjorie and Geneva Wilfley, Mr. Gray, Hosick Holmes, Frank Cummins, Lewis De Hart, Harold Wagner of Maitland, Theodore Robinson, Fred Bellows, Gene Cummins, Fred Lewis and Harvey McClary.

Surprise Party.

A crowd of the neighbors and friends of Mr. and Mrs. Richard Snyder gathered at the Snyder home 1008 East Third street, last night for a farewell visit to the Snyders before their departure to Leavenworth, where they expect to spend several weeks. Ice cream and cake were served and the evening spent socially. The gathering was a surprise to Mr. and Mrs. Snyder, and the honors of the evening were shared by their nephew and his wife, Mr. and Mrs. W. W. Bunton of New Lebanon, Ind., who leave for their home tonight after a few weeks' visit at the Snyder home. Those in the party were Mr. and Mrs. Snyder, Mr. and Mrs. Bunton, Mr. and Mrs. John Wallace, Mr. and Mrs. W. J. Wilson and daughters, Lucy and Mildred, Mr. and Mrs. Harry Harrison, Mr. and Mrs. Fred Smith, Mr. and Mrs. Sam Moon.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; thus causes out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

PAPE'S DIAPEPSIN FOR INDIGESTION OR SOUR, ACID STOMACH

In Five Minutes! No Dyspepsia,
Heartburn or Any Stomach
Misery.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

Mrs. D. Callahan, Mrs. Joe Reece, Mrs. James Stewart, Mrs. C. A. Culverson and daughters, Thelma and Gladys, Mr. and Mrs. Joseph Armstrong and Mrs. Joe Bluell and children.

Reception at Brewer Home.

Mrs. Arthur Allen Brewer, Mrs. Warren Roscoe Jackson and Mrs. George Robert Eaton received one hundred and fifty friends yesterday afternoon at the Brewer home, on North Mulberry street, from 4 to 6 o'clock. The reception room and parlors were decorated with vases and baskets holding immense clusters of red chrysanthemums and with palms and potted ferns. The stair and doorways were twined with southern smilax. The punch table was placed in a corner of the hall, which had been banked with palms and ferns. Mrs. C. C. Hellmers serving, assisted by Miss Ruth Matter and Miss Ruth Reuillard. The tea table was centered with a basket of red rosebuds, around which were placed tall crystal candlesticks with rose colored tapers and shades. Here pink and red cosmos were used for the room decorations. Mrs. Ralph Eversole and Mrs. Ike Thomas Pryor served, assisted by Mrs. Roy W. Pettit, Mrs. Oliver Kirby Bovard, Misses Jeanette and Julia Tate and Miss Ora Barmann. The other assisting friends were Mrs. J. C. Denham, Mrs. S. L. Beech, Mrs. Fred Harvey, Mrs. Guy Metz, Miss Marjorie Wilfley and Little Miss Elizabeth Beech.

At D. A. R. Convention.

Miss Beulah Brunner, regent of the Maryville chapter of the Daughters of the American Revolution, is in St. Louis attending the annual convention of the state chapter, which opened Tuesday morning. The feature of the opening day was a reception for Mrs. William Cummings Story, president general of the order; Mrs. Mark S. Salisbury, state regent and the other state officers, which was held at the Jefferson Memorial building. In the afternoon a reception was given at the Buckingham hotel to Mrs. Sarah McKnight Green, the vice president general. Wednesday afternoon the Wednesday club, the largest social organization in the city, gave a reception in their club rooms. In the evening the Art League gave a similar reception for all visitors. Prizes will be given at this convention to the chapter making the best scrap book of D. A. R. materials, to the chapter with the best and most complete set of tombstone inscriptions in their county, to the one gaining the most members during the year, and to the one with the best collection of historical data gleaned from its own territory. The annual election of state officers takes place today. One of the interesting side trips will be a visit to Marthasville, a small town in Warren county, where the chapter will dedicate a monument to the memory of Daniel Boone and his wife, Rebecca Bryan Boone.

Baptist Bazaar.

The women of the Baptist church are holding a "Fete of Seasons" this afternoon and tonight in the church parlors. Fancifully decorated booths represent each of the seasons, and the favorite viands of that time are being served. In addition to this, the women are conducting a sale of fancy and useful articles, suitable for gifts, and also have a home-made candy sale. The sale and luncheons will last through this evening. One of the attractive features is a Japanese tea garden, which is a perfect duplicate of a real one. Tea is served here, and the booth is in charge of Miss Dorothy Pierce.

Taylor-Willhoite.

Miss Sarah Taylor, the daughter of Mr. and Mrs. J. C. F. Taylor, and Mr. Ernest Willhoite, were married at 8 o'clock last night at the Taylor country home, northwest of the city. The marriage service was read by the Rev.

Robert Lyle Finch, pastor of the First Christian church, in the presence of a large company of relatives and friends.

DEFENSE DAY DECEMBER 6

Opening Session of Congress to Be Signaled by Expression of Sentiment of "Preparedness." Monday, December 6th, the opening day of Congress, has been named by the American Defense Society as Defense Day throughout the United States

—the most timely occasion for holding mass meeting and addressing letters and telegrams to Congress on behalf of better national defense. In case there is an earlier meeting of congress, the opening date will then be chosen for American Defense Day.

In order to make the occasion an impressive one, the American Defense Society has requested the co-operation of all the other defense leagues, national and local, the Governors of the various states, the mayors of the leading cities, and all other civic, military and patriotic societies and organizations, as well as Chambers of Commerce and Boards of Trade. The Society has furthermore requested that individual voters write letters and send telegrams on Defense day.

STILL TALK OF A NEW TRAIN.

On Wabash and Great Western Between Kansas City and Omaha—Maryville Is In Favor of It.

There is still talk of a Wabash-Great Western train between Kansas City and Omaha. Maryville sure would like to see it. Here is what this week's Shenandoah World says about it:

There is a good prospect of improved passenger service on the Wabash. This great system is just emerging from a receivership and seems to be in the hands of a progressive administration. The system will be improved in many ways. Officers are due here this week to talk over the practicability of putting on a new train to operate from Kansas City to Omaha over the Great Western and Wabash line. This would probably mean a train leaving Kansas City about breakfast time and arriving here at about noon and into Omaha one hour and a half later. It is likely to leave Omaha at about 11 o'clock at night, arriving at Kansas City for breakfast. This would give Shenandoah people an opportunity of attending

theaters and other evening entertainments in Omaha and arriving home the same evening and also in making connection in Omaha along in the evening from all directions; also giving Shenandoah people an excellent opportunity of going to St. Joseph and Kansas City in the evening without the change of cars and with Pullman facilities. The great institutions of Shenandoah that employ salesmen will be the greatest benefited, as it would mean the gaining of a day in many instances. For instance, it would save nearly three hours in going to Denver alone.

New Officers Elected.

The Afro-American club, which was organized a few months ago, has taken a lease on the second story of the Stillwell building, on East Second street, for a club room and has perfected an organization. The officers selected are Aaron Williams, president; Everett Page, vice president; Earl Martin, secretary; C. C. Baker, assistant secretary; Charles Martin, treasurer. The club will hold debates and give literary programs.

GRIGSBY'S 52,000 BUSHEL

110-Acre Orchard Near Skidmore Breaks Record by 10,000—Good Results From Spraying.

All the apples of the Grigsby orchard, three miles southwest of Skidmore have been harvested and the total number of bushels was 52,000. All of the No. 1 fruit went to Kansas City for cold storage. The others were sold everywhere but all were disposed of.

The orchard is 110 acres, but a few trees have died making the real orchard about 100 acres. The crop this year is 10,000 bushels better than their other big year two years ago. All of the apples were in fine condition and topped the market in most instances.

The Grigsby orchard has been sprayed five times this season, and cultivated twice with an orchard disc. The principal varieties in this orchard are Winesaps and Jennets. Some of the others are Jonathan, Ben Davis, Gano, York Imperial, Iowa Blush, Missouri Pippin, Arkansas Black and Mammoth Black Twig.

LETTER LIST.

Following is a list of the letters remaining unclaimed in the Maryville Mo., postoffice for the week ending Wednesday, October 27, 1915:

Centenary News

Howard Barker, who has been picking apples at Nebraska City, returned home Saturday night.

Mrs. Oliver Howard and children of Maryville spent Saturday with her mother, Mrs. John Thompson.

Mr. and Mrs. C. W. Nichols and family visited Mr. and Mrs. Chester Cooper Sunday evening.

Miss Esther Reed was taken to St. Joseph hospital Monday, where she underwent an operation for appendicitis.

Sunday guests of Lewis Hammond and family were Mr. and Mrs. J. J. Thompson, Mrs. Oliver Howard and children and Mrs. Etta Hammond and children.

The Ladies' Missionary society of Centenary church served dinner at the Rev. DeWitt sale Monday, clearing about \$16.30.

W. D. McDonald shipped a car of cattle Monday.

Mr. and Mrs. W. M. Bush spent the evening Friday with Mr. and Mrs. Thomas Walton.

Mrs. Sam McGinnis of near Skidmore, but formerly of this vicinity, was taken to St. Joseph Sunday for an operation for appendicitis.

Mr. and Mrs. Oliver King and Mr. and Mrs. Charles Broyles and daughter, Katherine, were Sunday dinner guests of Mr. and Mrs. Asa Broyles.

Mr. and Mrs. N. B. Shrewsbury and son, Ralph, visited John McDonald and daughters Sunday.

Mr. and Mrs. Charles Gibson of Rosendale spent Saturday and Sunday with Mr. and Mrs. John Hays.

Mr. and Mrs. Joe Davis and family spent Sunday at the home of Mr. and Mrs. W. Booth.

Mr. and Mrs. John Hays are visiting at the home of his father, Chas. Hays of Barnard.

Mrs. Alice Carden and daughter, Neva, took dinner with Mr. and Mrs. I. D. Tarpley Sunday.

A number of young folks from this vicinity have been attending the revival meetings at the Christian church at Wilcox.

There Is No Question

but that indigestion and the distressed feeling which always goes with it can be promptly relieved by taking a

Rexall Dyspepsia Tablet

before and after each meal. 25c a box. Orean-Henry Drug Co.

COLLEGE INCREASE 50 PER CENT.

Number of Students One Half Larger in Ten Years.

Kansas City, Oct. 27.—There has been an increase of more than 50 per cent in the number of persons attending colleges in the last ten years, according to Dr. Franklin Holgate, dean of the College of Liberal Arts of the Northwestern University, who is visiting here today. However, a large per cent of persons who enter college are not graduated.

"Men and women who go to college and drop out before being graduated have not wasted their time," said Dr. Holgate. "It gives them the incentive. It prepares them better to battle the problems of life. A large per cent drop out after they have attended college two years. The last two years of college finishes off the student."

Do not forget the Fete of the Months, Thursday, Oct. 28, at Baptist church. 27-28

Card of Thanks.

We desire to thank our friends, neighbors and the fraternal orders that so kindly assisted us during the sickness and death of our beloved husband and father, also for the beautiful floral offerings. May God bless you all.—Mrs. W. B. Blachley, Mr. and Mrs. Arthur Warner.

AID THE KIDNEYS.

Do Not Endanger Life When a Maryville Citizen Shows You the Way to Avoid It.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Maryville testimony.

Mrs. L. Cain, 709 E. Second street, Maryville, says: "My kidneys bothered me for quite awhile, and I had backaches and headaches. Doan's Kidney Pills soon brought me relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cain had. Foster-Milburn Co., Props., Buffalo, N. Y.

Returns from the West.

Mrs. Elias Orear, who has been spending the past two months in California, arrived home last night, accompanied by her sister, Mrs. Retta Stokes of Arcata, Cal., who will visit in Maryville. Mrs. Orear spent most of the time during her stay in the west with her daughter, Miss Beulah Orear of San Francisco. Miss May Orear met the returning folks in Kansas City Tuesday.

Do not forget the Fete of the Months, Thursday, Oct. 28, at Baptist church. 27-28

America's Cleverest and Most Noted Medium, Palmist and Clairvoyant. Endorsed by the Press and Public.

to 10 p. m. Positively no phone answered. No reading by mail.

When and whom will I marry? How often will I be married. What will this new year bring me? Does my husband love anyone else? Is my sweetheart true to me? Will I get my lawsuit without trouble? Why can I not improve my condition? How soon will I make a change? What shall I do to get well? Will I come into my inheritance? Shall I move from my house? What am I best adapted for? Would I be a successful artist. Should I take music lessons? When will I get a letter of importance? Will I travel soon and where? Have I any enemies, and who? Can I trust my friends? Shall I make a change in business? Can I become a successful medium? Have I magnetic powers? Why does my love act so strange? Why have I lost my position? When shall I attain my wish. Who has said things about me? Shall I die rich or poor? How long will I live? How about mining investments? Shall I speculate, and in what?

Her advice may turn sorrow into happiness, failure into success, defeat into happiness. Don't miss this opportunity.
